REPORT

OF

THE TREASURER

OF THE STATE OF ALABAMA,

TO THE GOVERNOR,

FOR THE

Years 1866-7, 1867-8, and 1868-9, ending 30th Sept., 1869.

MONTGOMERY, ALA.:
JOHN G. STOKES & CO., STATE PRINTERS.
1869.

TREASURER'S OFFICE,
MONTGOMERY, ALA., September 30th, 1869.

To his Excellency William H. Smith, Governor:

SIR—I have the honor to present a complete report of the operations of this Department, from the first day of October, 1866, to the 30th September, 1869, in accordance with Article V, Section 20, of the Constitution, which requires the report to be made five days prior to the commencement of each regular session of the General Assembly.

The statements in detail show the receipts and disbursements during said time to be three million eight hundred and forty-five thousand nine hundred and four dollars and fifty-four cents, ($3,845,904.54,) being receipts from all sources.

The amount of expenditures during the same time were three million six hundred and ninety-four thousand three hundred and twenty-one dollars and nine cents, ($3,694,-321.09,) leaving a balance in the Treasury on the first of October, 1869, of all kinds of currency, of one hundred and fifty-nine thousand seven hundred and forty-four dollars and twenty-three cents, ($159,744.23.)

It has been the custom of the Treasurer for many years, in his annual report, to present but little more than a brief statement of receipts into, and payments from the Treasury during the year. But the operations of this department having been increased in the last two years, it seems to me a duty to state with some particularity the condition of the finances. Questions of finance are so intimately connected with the stability and permanency of a government, that they have always commanded and received the closest attention and consideration of the Legislative Department.

Alabama found herself, at the beginning of the present

Government, with an amount of indebtedness which, a few years since, would have excited alarm and distrust. The indebtedness has been placed within easy control, and is no longer cause for apprehension or fear, as all demands upon the Treasury have been paid promptly on presentation, and all old claims that were outstanding against the State for schools, that have been due to the several counties from 1866 to the present time, have been paid, when presented with the proper vouchers.

It is with great pleasure that I report that our disbursements for the past fiscal year were forty-eight thousand five hundred and seventy-two dollars and fifty-three cents ($48,572.53) less than the fiscal year ending September 30, 1868. I also paid outstanding warrants, issued in 1867, of thirty thousand seven hundred and twenty-three dollars and forty-four cents, ($30,723.44); also, thirteen thousand three hundred and sixty-two dollars and fifty-four cents ($13,362.54) of school fund due in 1866. Our expenses for the fiscal year ending the 30th September, 1869, were ninety-two thousand six hundred and fifty-eight dollars and fifty-one cents ($92,658.51) less than the expenses for fiscal year ending September 30th, 1868. The heavy indebtedness of the State is constantly demanding interest. Its current expenses should, as soon as possible, be brought down to the standard of strict economy; and by this means we may begin to reckon upon a decrease of our public debt. Our reliance for the future is upon the industrial energies of the people.

It is gratifying to be able to say, that the financial credit of the State, at home and abroad, is in the highest degree satisfactory. It can best be preserved by the exercise of great caution in entering upon new enterprises requiring large appropriations of money.

Very respectfully,

Your obedient servant,

ARTHUR BINGHAM,

State Treasurer.

STATEMENT

Showing the total receipts and disbursements of the Treasury of Alabama from the 1st October, 1866, to the 30th September, 1869, inclusive.
